\* Participation not recommended by the American Academy of Pediatrics.

\* Participation not recommended by the American Academy of Pediatrics.

†The American Academy of Pediatrics recommends limiting the amount of body checking allowed for hockey players 15 years and younger to reduce injuries.

§ Dancing has been further classified into ballet, modern, and jazz since previous statement was published.

||A race (contest) in which competitors use a map and compass to find their way through unfamiliar territory.

Both tables from American Academy of Pediatrics, Committee on Sports Medicine and Fitness. Medical Conditions Affecting Sports Participation. *Pediatrics*. 2001; 107:1205-1209.
