

VACCINES FOR CHILDREN (VFC) NEWS BULLETIN

SPECIAL ISSUE OCTOBER 2025

COVID-19 VACCINES NOW AVAILABLE FOR ORDERING

As of October 7th, Chicago VFC clinics can order the following COVID-19 vaccine products through I-CARE:

Formulation	Presentation
Spikevax COVID-19 (Moderna)	
6 months - 11 years This is the only formulation available for 6 months to 4-year-olds.	SYR: 10 pack
12+ years	SYR: 10 pack
Comirnaty COVID-19 (Pfizer)	
5-11 years	SDV: 10 pack
12+ years	SYR: 10 pack
Nuvaxovid (formerly Novavax) COVID-19	
12+ years	SYR: 10 pack

We recommend placing your initial order to receive enough vaccine for **6-8 weeks of vaccinations**, and then reorder when more doses are needed.

COVID-19 vaccines should be made available to **all** VFC-eligible children whose parents or guardians desire their child to be vaccinated. Please see the Illinois Department of Public Health's Fall Vaccine Guidance for detailed recommendations: [**COVID-19 Vaccine Guidance for Clinicians**](#).

More information will be provided in the October VFC newsletter coming soon. Please contact us if you have any questions. Thank you for all you do.
