Notice to parents and caregivers

ByHeart Infant Formula Recall

ALL ByHeart infant formula has been recalled due to possible contamination that may cause infant botulism.

Stop using all ByHeart canned formula and anywhere packs immediately.

Infant botulism may include: constipation, poor feeding, ptosis (drooping eyelid), sluggish pupils, low muscle tone, difficulty sucking and swallowing, weak or altered cry, generalized weakness, respiratory difficulty, and possibly respiratory arrest.

If your infant is experiencing symptoms related to infant botulism, contact a health care provider immediately.

Scan the QR code to learn more about the recall from the Food and Drug Administration
