

## **2026 Hepatitis B Vaccine Quality Improvement Project**

### **Maintenance of Certification (MOC) Part 4 Requirements**

#### **If you are participating individually - Physician Criteria:**

- You must attend the first (onboarding) session live or view the recording.
- You must attend at least four of the five monthly sessions (sessions 2 through 6) live to share data and best practices.
- You must complete at least one Plan Do Study Act (PDSA) cycle and share at least one PDSA cycle with other practices during a project webinar.
- You must collect and submit practice-level data on project measures for five monthly data cycles (baseline and four project data collection cycles).

#### **If you are participating as part of a practice team - Team Criteria:**

- Every physician on the team must attend the first (onboarding) session live or view the recording.
- Every physician on the team must attend at least three of the five monthly sessions (sessions 2 through 6) live.
- For team coverage, at least one person on the team must attend at least four of the five monthly sessions (sessions 2 through 6) live.
- Practices must complete at least one Plan Do Study Act (PDSA) cycle and share at least one PDSA cycle with other practices during a project webinar.
- Practices must collect and submit practice-level data on project measures for five monthly data cycles (baseline and four project data collection cycles).
- Each physician on the practice team who is seeking MOC Part 4 credit must contribute to the practice PDSA cycle and data collection.

### **Continuing Medical Education (CME) Requirements**

To be eligible for CME for each webinar, participants will need to attend the live webinar and complete the evaluation at the completion of the webinar.
