

Getting Back On Track

For a Healthy & Safe School Year!

If your child has missed vaccine appointments — now is the time to catch up!

Avoid taking emergency time off work, expensive child care, unplanned medical bills, and learning loss by making sure your child has gotten their recommended vaccines on time - or in time for the new school year.

It's as Easy as 1-2-3!

✓ STEP 1 Review

Review the minimum immunization requirements for children enrolling or entering a child care facility or school in Illinois by scanning the QR code or by visiting bit.ly/il-iz-recs.

✓ STEP 2 Call

Call your child's doctor to schedule an appointment! Let them know which school forms you need completed during your visit.

Scan this QR code or visit bit.ly/il-school-health for more information.

✓ STEP 3 Submit

Submit your child's completed forms to their school!

Tip: Contact your child's school health office if you have any questions about what is needed before your appointment!

If you can't make your appointment, don't cancel — reschedule instead! Just be sure to reach out as early as possible so you have a wide variety of times to choose from.

Funding for this project was made possible by the Office of Disease Control, through the Illinois Department of Public Health.

All that's left to do after that is enjoy a safe and healthy school year!
