September 28, 2026

**Notification of Emergency Date Extension for
Bicillin™ L-A (penicillin G benzathine injectable suspension) 1.2 million Units/2 mL
(600,000 units/mL) Prefilled Syringe and 2.4 million Units/4 mL (600,000 units/mL) Prefilled
Syringe**

Dear Valued Customer,

Pfizer has received approval from the U.S. Food and Drug Administration (FDA) of our emergency request to extend the use date for multiple lots of **Bicillin™ L-A (penicillin G benzathine injectable suspension) 1.2 million Units/2 mL (600,000 units/mL) Prefilled Syringe (PFS)** and **Bicillin™ L-A (penicillin G benzathine injectable suspension) 2.4 million Units/4 mL (600,000 units/mL) Prefilled Syringe (PFS)** to mitigate shortages of these critical products. Impacted lot numbers and extended use dates are outlined in the tables at the end of this letter. The FDA's [website](#), which lists extended use dates to assist with drug shortages, has also been updated to reflect this information.

Customers should continue to source product through their authorized wholesalers when available while continuing to utilize the [Medical Request Process](#). As a reminder, the [Medical Request Process](#) is limited to patients with confirmed congenital syphilis or those at risk of congenital syphilis, in alignment with CDC guidance.

Pfizer will continue to monitor supply closely and provide updates as additional information becomes available. Customers are encouraged to consult the [Availability Report](#) on [PfizerHospitalUS.com](#), or to contact their Pfizer Hospital & Biosimilars sales representative or health system director for the most current information.

If you have any questions, please call our Customer Service Department at 1-844-646-4398.

Thank you,

Jacqueline Barr
Portfolio Director, Sterile Injectable Brands
U.S. Commercial, Global Hospital & Biosimilars
